⁴ What You Pay reflects the Adviser's decision to contractually limit expenses through April 29, 2014. Please see the prospectus for additional information.

An investor cannot invest directly in an index.

An investment in the Portfolios involves risk, including loss of principal.

Asset allocation cannot assure a profit nor protect against a loss.

Performance data quoted represents past performance. Past performance does not guarantee future results. Investment return and principal value of an investment will fluctuate so that an investor's shares, when sold or redeemed, may be worth more or less than the original cost. Current performance data may be higher or lower than actual data quoted. For the most current month-end performance data please call 1.866.432.2926.

An investor should consider investment objectives, risks, charges and expenses carefully before investing. To obtain a prospectus, which contains this and other information, please contact your investment professional. Read the prospectus carefully before investing.

The performance shown here does not reflect the impact of costs associated with variable contracts, qualified pension and retirement plans or registered and unregistered separate accounts which when deducted will reduce the return figures shown.

Shares of the Portfolios are offered only to participating insurance companies and their separate accounts to fund the benefits of Variable Contracts, and to qualified pension and retirement plans and registered and unregistered separate accounts.

The Ibbotson ETF Allocation Series Portfolios are not Exchange Traded Funds (ETFs), instead they consist of five risk-based asset allocation portfolios that invest in underlying ETFs, which are typically open-end investment companies or unit investment trusts.

Ibbotson ETF Allocation Series Portfolios are distributed by ALPS Distributors, Inc.
